Notes & definitions

Census and deprivation statistics have been mapped onto parish boundaries, and are therefore approximations. Census data as shown in figures 1-3, 5, & 6 are derived from the National Census 2021 produced by the Office of National Statistics (ONS). For details from ONS see: https://www.nomisweb.co.uk/sources/census_2021. Deprivation statistics are derived from the English Indices of Deprivation 2019, produced by the Ministry of Housing, Communities & Local Government. More details can be found at: <https://www.gov.uk/government/statistics/english-indices-of-deprivation-2019>. Deprivation statistics are published at LSOA level. Figure 4 shows how the population of each area is split across LSOAs, categorised by LSOA deprivation decile.
